

GRAM SIGNAL DEVICES

For all forms of surveillance, also Gram pressure guard, we can deliver a wide range of signal devices for optical as well as audible signaling.

Picture	Description	Order no.
	Permanent beacon Elegant beacon with permanent light suitable for indoor and outdoor use. Is delivered standard for Gram pressure guard type L (red). Also available in green and yellow design.	
	Housing:	High-impact thermoplastics (ABS), black
	Dome:	Transparent
	Bulb:	BA 15 d, 5W, 230V
	Protection rating:	IP 54
	Permanent beacon - red	09 400 100
	Bulb for permanent beacon	
	Bulb:	BA 15 d, 5W, 230V
	Height:	35mm
	Colour:	White
		09 402 100
	LED-bulb 360°-light	
	Voltage:	240V AC/DC
	Measurement:	20x45mm
	LED:	6 pcs., BA 15 d
	Colour:	White
		09 402 500
	Flashing beacon Noticeable beacon with blinking light suitable for indoor and outdoor use.	
	Housing:	High-impact thermoplastics (ABS), black
	Dome:	Transparent
	Blink frequency:	Approx. 1Hz
	Main frequency:	50Hz
	Voltage:	230V
	Current consumption:	140mA
	Protection rating:	IP 65
	Flashing beacon - red	09 403 000
	Flashing beacon - yellow	09 403 100

GRAM SIGNAL DEVICES

Billedede	Beskrivelse	Varenr.	
	Beacon with high power flash Very noticeable beacon with high power flash for indoor and outdoor use.		
	Housing:		High-impact thermoplastics (ABS), grey
	Hætte:		Transparent
	Blink frequency:		1 - 1.5Hz; 60 - 90 flashes per minute
	Main frequency:		50 - 60Hz
	Voltage:		230V
	Current consumption:		50mA
	Protection rating:		IP 54
	Beacon with high power flash - red		09 404 000
	Acoustic sounder Enclosed electronic buzzer with continuous tone		
	Housing:		High-impact thermoplastics (ABS), grey
	Audio frequency:		Approx. 2400Hz
	Main frequency:		50 - 60Hz
	Voltage:		110 - 230V
	Current consumption:		20mA
	Protection rating:		IP 33
	Audio level:		90 dB(A)
Acoustic sounder - white		09 405 000	
	Signal device with acoustic sounder Beacon combined with buzzer. A very loud and light-strong solution with a separate connection of light and audio.		
	Housing:		High-impact thermoplastics (ABS), grey
	Signal effect		LED permanent
	Audio frequency:		Approx. 2300Hz
	Tone type:		Continuous/puls
	Voltage:		230V
	Current consumption:		25mA
	Protection rating:		IP 65
	Audio level:		92 dB(A)
Signal device with acoustic sounder - red		09 406 200	

Besides the sortiment mentioned above it is possible to request special signal devices. For example beacons with other colours, beacons with several colours, stronger horns and sounders as well as signal devices with combined functions.
